DIRECTOR'S MESSAGE

Phil Terry - Dir

Seems like a longer spring this year, the nice weather is hanging on a little longer than in years past. Fear not Zonies, the heat and humidity is just around the corner.

March took us to La Posada in Winslow and the Sonoita Vineyards in Elgin. I didn't make the trip to Winslow, but I heard the Chef did an outstanding job with Saturday night's dinner. That route is one of the best tours in Arizona, from cactus to the pines and back. Sandi and I did join the Saguaro Region cruise to the Sonoita winery. Dave Dubie, the Cooks and the Pellegrinis joined us for lunch and "wine school". I learned enough about wine to convince me single malt Scotch will always be my drink of choice. That night we joined Keith and Marie Ambs at Li'l Abners for steaks and pitchers of A-1 beer. Fred Rank organized, on short notice, a Cadillac display for Salt River Project's Roosevelt Dam Anniversary Party; netting a sweet \$500 donation check for Ronald McDonald House. Neat surprise and SRP fed us lunch!

April took Sandi and me on the "Cannonball Run". We had a really fun time and think this would be a great activity for next year. The Run is a rolling car show and scavenger hunt starting in Fountain Hills, then through Payson and Sedona, ending in Flagstaff. Marvin and Rosemary Price joined us on the "Beeline Cruise In" at Green Valley Park in Payson. We ran into Rich Dormois there riding in a Studebaker! 300 cars on the grass that day! Marvin took the Best GM trophy and I got one of the People's choice plaques plus a sunburn.

In May, we went to the Mountain Top Street Rodder's Show in Prescott. This is a huge show, running concurrently with an art fair and wine tasting. Held on the grass at Yavapai Middle School, adjacent to the City Square, the public attendance was steady all day. I won an oil drain pan in the raffles and Mel Martin was awarded a "Best of Show" trophy for his '48 Fastback. That night we joined up with Mel and Sallie to celebrate Don and Dee Pellegrini's anniversary at Murphy's. It was a good thing they put us in a private room as we did lots of toasting and roasting that night.

The Steak Fry, at the Cave Creek Recreational Area, was a super success. Don's chef skills were put to the test as he showed true "Cadillac Style" at the grill. Fred Rank kept the flames down (and Don cool) with his ever ready spray bottle. The variety of side dishes and desserts was overwhelming, so I over indulged of course! We were lucky with the weather this year and I think we might repeat this luncheon a little earlier next year.

Coming up this summer is the Palo Duro Canyon driving tour, Eddie's Grill and the Grand National in Ohio.

We are saddened by the loss of Joel Prescott and Dick Perry. They were both long time members and supporters of the Sonoran Desert Region. We will miss them.

The National Club is seeking your opinions. Please take the time to fill out and call in the survey on the inside front page of the May "Self Starter". Make your voice heard! By now, you should have received a ballot from the Museum and Research Center. Our own John Bezik is up for re-election and we want him in there. Vote for John!

The Activities Committee will be meeting again this summer to plan next year's fun. We'll send out an open invitation and we want to know where you want to go and what you want to do. Please plan to attend the planning session.

Have a cool summer and drive safely! I'll see ya on the road.

Phil

LEGISLATIVE

Marvin Price— Liason

The Arizona legislature has adjourned the regular session for 2011 without doing significant damage to the old car hobby. They attempted to modify the vehicle emission testing requirements by moving to a 25 year rolling 25 year exemption for all cars not just those covered by collector car insurance. However before the final vote was cast the bill was modified to only include cars manufactured before 1975 thus adding 8 more model years to the exclusion and killing the rolling provision. This law change was passed and signed into law by the governor but it is unlikely that it will be effective for at least 3 more years. the Arizona Department of Environmental Quality must submit a proposal to incorporate the exemption changes into the plan for submission to the EPA. The EPA will then approve or reject the plan. In the meantime, the current exemptions for cars 15 years or older covered by collector car insurance, are exempted from testing. The 15 year provision is on a rolling basis. It does not look like we gained much here but every little bit helps.

The AAHC has adjourned for the summer and will reconvene with a newly elected board with their regularly scheduled meeting on September 6, 2011.

On the national scene we have SEMASAN and the SEMA Action Network (www.SEMASAN.com) and the Historic Vehicle Association (www.historicvehicle.org) looking out for our interests.
