

# THE JUMPSTARTER

Volume 28, Number 11

November 2021

## Our October meeting

- Thank you to everyone that was able to make it to our October meeting at California Pizza Kitchen. It was a great time, with amazing food and a great friends and cars. Going forward we are looking for ideas on new activities that club members would like to participate in. Fred Rank and myself are open to all types of events. We are not asking everyone in the club to show up to everything but a few members at each future event can help our club to grow. Thanks to all who attended the few events we have had over the last year and a half, and to those who did not, you missed a lot. As usual, reminder emails will be sent.

Mark your calendar for November 9<sup>th</sup>. We will be resuming our monthly meeting at the California Pizza Kitchen!!

Please continue to send me information for the Jumpstarter. I need your help to make this club the club we all want. The more submissions from members to the more interaction that we can have. Looking for recipes, stories and whatever else you think other members will enjoy

Best wishes to all for a healthy and safe fall.

## Presidents Message

*November 2021*

**By Robyn Schluter – Director**

I am still trying to make changes to the website so if you have suggestions or information that you would like to see on the site, please let me know.

Our Monthly Membership Meetings will continue to be the second Tuesday of each month. Our next meeting will be held on November 9<sup>th</sup> at The California Pizza Kitchen at Shea and Scottsdale roads. We are currently seeking a potential restaurant replacement for our monthly Membership Meetings, watch your e-mails should a new venue be elected.

As always, check the web-site often as changes will occur in the events and photo pages, not to mention the GREAT Newsletters! Remember to support our sponsors, you can find a full list on our Sponsors Page on the web-site.

Remember-Bring a kid to a car show, let's keep the hobby alive!

Website: <http://www.clcsdr.org>

We also now have a facebook page: Cadillac Lasalle Club Sonoran Desert Region

Link to facebook page is <https://www.facebook.com/groups/4452794058092556>

New Instagram page also: clcsdr

I will try to keep that updated between meetings and newsletters.

Thanks again

Robyn

**Important Update Regarding Production:**

Dealer Partners,

We strive to continue to honor our commitment to share manufacturing scheduling changes as soon as possible. Our teams continue to work around the clock to help mitigate the impact of the ongoing global shortage of semiconductors.

While we are required to take a week of downtime in one of our light-duty truck plants, we will have most of our plants running the week of November 1<sup>st</sup>. Importantly, we recently announced we are restarting production at several plants that build popular GM vehicles that have been in tight supply and reference the details below as a reminder.

We can confirm the following semiconductor production adjustment:

- **Silao, Mexico Assembly** (Chevrolet Silverado 1500 and Cheyenne and GMC Sierra 1500) will take downtime the week of Monday, October 25<sup>th</sup>. This period will provide us with the opportunity to complete unfinished vehicles at the plant and ship those units to help meet the strong customer demand for our light-duty pickup trucks. We expect production at Silao Assembly to resume the week of November 1.

Previously Announced:

- **Ramos, Mexico Assembly** (Chevrolet Blazer) resumed one shift of production on Monday, Oct. 18.
- **San Luis Potosi, Mexico Assembly** (Chevrolet Equinox and GMC Terrain) will resume one shift of production of Chevrolet Equinox and GMC Terrain on Monday, Nov. 1.
- **CAMI, Canada Assembly** (Chevrolet Equinox) will resume one shift of production on Monday, Nov. 1.
- **Fairfax, KS, Assembly** (Chevrolet Malibu) will resume one shift of production on Monday, Nov. 1.

On a positive note, since our last communication on October 8<sup>th</sup>, our teams have worked to complete over 4,600 previously unfinished vehicles and delivered another 10,000 vehicles to your dealerships. To date, we've completed more than 134,000 of these units with more than 114,000 already shipped and delivered.

Thank you for your continued cooperation and support as we manage through these unprecedented issues.

Regards,

Steve Carlisle  
Executive Vice President and President, North America
